

Ventana al Mar

Cabo San Lucas >> Ventanas

4500 Sq. Ft * 4 Bedrooms * Sleeps 8

Description

With no detail overlooked, this eco-friendly home in the exclusive Ventanas development offers a stylish and attractive setting for enjoying some of the best sites and attractions in all of Los Cabos. Natural, earth-friendly hues give way to upscale additions, as Ventana al Mar (Window to the Sea) delivers the appeal of a true luxury experience at every turn.

From the home's solar panels to its bathroom compliments like bamboo toothbrushes, extreme attention to detail is just part of the allure of a stay at Ventana al Mar. From the moment guests walk inside they're greeted by an organic farmers market produce basket at the kitchen table. The gourmet space lends an air of casual sophistication, complete with white marble countertops and marble flooring that extends throughout much of the home's main living space.

Distinctly modern in its design, a true focal point of the four-bedroom, four-bath home is a massive sliding glass door that opens up to a private terrace and unobstructed ocean views from the main living section of the home. Soak up some sun from one of the lounge chairs overlooking the refreshing swimming pool or relax at the end of the night in the accompanying Jacuzzi tub or curled up by the fire pit. Plan your meals around the views, as the home also comes with a gas BBQ, an outdoor pizza oven, and plenty of outdoor dining and lounge space. Inside, delight in the home's open concept layout, with seamless living and dining space, and even the practicality and convenience of a home desktop computer during your stay.

Part of Ventanas Phase III, the home adds in the ease of being part of a larger, planned development. Each phase of Ventanas provides its own shared swimming pool, fitness area, and other delightful nearby amenities. At the same time, it's simply a five-minute drive from Ventana al Mar to Downtown Cabo San Lucas.
